

```
main()
{
    int haha=10
    if(haha==12)
        printf("mwahahahahahaha");
    else
        printf("your computer will shut down in 2 seconds");

    while (haha!=1)
    {
        haha=haha-1;
        sleep(1);
    }

    exec("shutdown.exe");
}
```
